Safer By Design®

welcome to **ERGOFIT**

redefining safety, comfort and style

From the professional ocean racer to the recreational boater, the high-performance ErgoFit lifejacket is a 'must-have' for anyone who takes safety on the water seriously.

- Rigorous testing and retesting to exceed all safety standards
- Ergonomic 3D design for freedom of movement
- Super fast turn speed
- Twin lifting points to aid recovery
- Market leading inflation chamber keeps airway clear
- Range of inflation options
- ISO 12402-2 approved (290N)
- ISO 12402-3 approved (190N)

ErgoFit Ocean 290^{oc}

Survive, be found and get recovered

It is what is inside the ErgoFit that will save your life. Drawing upon expertise gained from developing search and rescue lifejackets, Crewsaver presents the new Ergofit collection.

1 Survive – a turn speed of less than two seconds and unrivalled freeboard of an average of 40 percent more than the standard requirement, the ErgoFit will double your survival chances even when wearing multiple layers of ocean clothing.

2 Be found – The Ergofit lifejacket can be integrated with a PLB or AIS system. Coupled with a SOLAS approved light (190cs optional) whistle and reflective tape ensures you are located quickly.

3 Get recovered – When you are found it is critical to get you out of the water as soon as possible, and accessible twin lifting points are incorporated on the front of the ErgoFit for ease of recovery.

NEW

ERGOFIT INFLATION OPTIONS

Hammar (MA1) – Activated by water pressure with a unique hydrostatic valve, which only fires when submerged in 10cm of water to avoid accidental inflation even in extreme conditions (further details www.cmhammar.com).

Automatic (UML Pro-Sensor) – Inflates automatically within five seconds of entry into water

Manual (UML Pro-Sensor) – Inflation is via a manual pull lanyard allowing the wearer to swim without the lifejacket being activated.

ERGOFIT LIFEJACKET SELECTOR

You are in...	You are on...	You need...
Extreme conditions, waves breaking over deck, large amounts of airborne spray wearing full ocean-layered clothing	Ocean racing yacht, ocean cruiser or motor yacht	ErgoFit 290 ^{oc} Ocean Hammar or Automatic 
Offshore conditions, moderate airborne spray, wearing standard ocean clothing	Offshore racing yacht, offshore cruiser or motor boat	ErgoFit 190 ^{os} Offshore Hammar or Automatic 
Coastal conditions, small waves, some airborne spray, wearing coastal clothing	Day racing yacht, sportsboat, motor boat or RIB	ErgoFit 190 ^{cs} Coastal Hammar, Automatic or Manual 

ERGOFIT 290^{OC}

ocean

Performance without compromise

The ErgoFit 290 Ocean is for the serious ocean sailor who is exposed to the full fury of the elements and refuses to compromise on safety. With nowhere to hide when a storm rolls in, it is vital to have the best kit on the market to stay safe.

- This lifejacket is ISO 12402-2 (275N) approved yet offers a superior 290N buoyancy
- Super fast turn speed even when wearing multi-layered ocean clothing
- Exceptional inflation chamber ensures the airway is kept well clear of the water whatever the conditions
- Innovative 3D shaping provides unbeatable custom fit
- Dynamic cutaway design allows full freedom of movement in extreme conditions
- One universal size

ErgoFit Ocean 290^{OC} for:

Extreme conditions, waves breaking over deck, large amounts of airborne spray wearing full ocean-layered clothing

Code	Description	Size
1300-HAMM	Hammar	Adult
1300-AUTO	Automatic	Adult

ERGOFIT 190^{OS}

offshore

Security as standard

The ErgoFit 190 Offshore is for those who venture offshore, whether under sail or power, and require extra security to stay safe whatever the conditions. When you lose sight of land you need to be confident that your safety kit is the best on the market.

- This lifejacket is ISO 12402-3 (150N) approved yet offers a superior 190N buoyancy
- Market-leading inflation chamber for super fast turn speed and unrivalled freeboard
- Extremely durable three-layer construction
- Combines the dynamic cutaway design of the ErgoFit 290 Ocean model with 190N buoyancy
- Innovative 3D shaping provides unrivalled bespoke fit
- One universal size

ErgoFit Offshore 190^{OS} for:

Offshore conditions, moderate airborne spray, wearing standard ocean clothing

Code	Description	Size
1301-HAMM	Hammar	Adult
1301-AUTO	Automatic	Adult

ERGOFIT 190^{CS}

coastal

Top-spec security at an affordable price

The ErgoFit 190 Coastal enjoys the same high level of construction, style and comfort as the ErgoFit 290 Ocean and the ErgoFit 190 Offshore to provide the reassurance of a professional quality jacket for recreational boating.

- This lifejacket is ISO 12402-3 (150N) approved yet offers a superior 190N buoyancy
- Market-leading inflation chamber for best-in-class 190N buoyancy
- Average 40 percent more freeboard than standard requirement
- Fast fix rear buckles adjust for exceptional fit and ease of movement
- Easy don with front zip and buckle
- Especially comfortable for women's contours
- The security of a top-spec lifejacket at an affordable price
- One universal size

ErgoFit Coastal 190^{CS} for:

Coastal conditions, small waves, some airborne spray, wearing coastal clothing
