CREWFIT 150N XD

The Crewfit 150N XD offers the ultimate in advanced comfort and performance technologies. Using a modular design the XD offers a choice of covers, inflation and harness options to best suit your requirements.

Fusion 3D technology provides complete freedom of movement and ensures the lifejacket remains comfortable even during long periods of use, whilst the unique design with built in twin waist adjusters allows for easy donning.

Constructed using a heavy duty 500D cover to maintain longevity of the lifejacket. An external indicator window with protective panel and Pro-Sensor or Hammar firing mechanism means the status of the lifejacket can be checked by the user before use.

It's what's inside that counts.

The 150N bladder out performs approval and offers 190N worth of buoyancy. The unique buoyancy distribution provides exceptional turning solutions even when wearing heavy clothing. The bladder is highly visible on inflation and hosts an impressive array of features including a built in chin support, location beacon attachment points and dual lifting becketts.

KEY FEATURES

- Fusion 3D ergonomic shape for comfort and freedom of movement
- Heavy duty 500D cover
- Indicator window with protection panel and Hypalon retainer
- Twin waist adjusters
- YKK tri quick burst zip
- Supplied with dual crotch straps

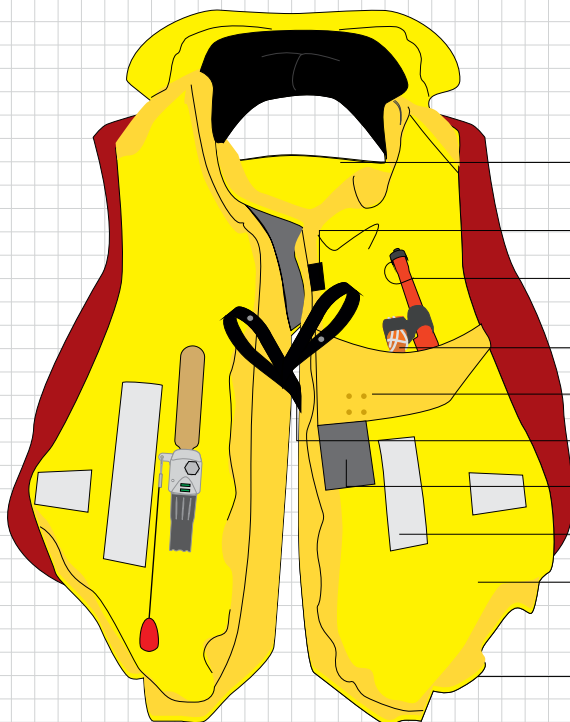

OPTIONAL EXTRAS

- Spray hood
- Lifejacket light (CSL)
- McMurdo S20 Smartfind

The Crewsaver industrial and commercial range has been developed over many years using only the most advanced fabrics and manufacturing processes. Continuous stringent research and development within the industry has seen Crewsaver products in use worldwide in a diverse range of commercial sectors and institutions. Designed to perform in the most arduous environments, Crewsaver has developed a range that suits all your safety needs.

BLADDER

- Built in inflatable chin support
- S20 AIS attachment point
- Manual oral inflation tube for additional air top up
- Whistle
- CSL light attachment
- Twin lifting beackets
- PLB attachment point
- Reflective tape to aid visibility
- The 150N inflation chamber outperforms approval and offers 190N of buoyancy
- Unique buoyancy distribution
