

CREWSAVER

PERFORMANCE / STYLE / COMFORT

# The UK's Premier Watersports Equipment

Crewsaver has been synonymous with high quality, performance and style in watersports equipment for many years. And this year we have pushed the boundaries even further by developing a cutting edge range of products so you can push yourself even further.

Our development team has never worked harder, been more thorough or delivered better results. The combination of high quality fabrics with ergonomically designed garments deliver uncompromised performance letting you enjoy your sport.

The Crewsaver concept is pure and simple: products that work!

## The Complete Range

Buoyancy Aids	<b>4-9</b>	Sailing Gloves	<b>22-23</b>	Dry Bags	<b>29</b>
Drysuits	<b>9-13</b>	Sailing Footwear	<b>24-25</b>	Inflatable Products	<b>30</b>
Spray Tops & Trousers	<b>14-17</b>	Trapeze Harnesses	<b>26-27</b>		
Thermals & Neoprene Thermals	<b>18-21</b>	Luggage & Accessories	<b>28</b>		

Buoyancy Rating

The level of lift a Personal Flotation Device (PFD) gives a body in the water is known as the buoyancy rating. The amount of buoyancy provided is reduced as the weight range decreases, in line with CE requirements.

EN393 & ISO Approved Buoyancy Aids

- Only suitable for competent swimmers
- Sheltered water use where help is close at hand
- Only provides support to conscious people who can help themselves

Buoyancy Aids

Using the latest 3D supersoft foam technology our buoyancy aids offer perfect fit with functional design.

Design & Fabric Technology

**ISO 12402-5**  
Approved to the latest BSEN ISO regulations.

**NEOPRENE**  
Extremely versatile synthetic rubber, highly flexible and insulating.

**BUOYANCY CATEGORY**  
The level of lift a Personal Flotation Device (PFD) gives a body in the water.

**SUPERSOFT FOAM**  
Soft 3D foam shaped to your body for extreme comfort.

**NYLON**  
Durable, lightweight and water resistant fabric.

**FRONT ZIP**  
Quick, easy & secure closure.

**RIPSTOP**  
Hard-wearing, anti-tear fabric.

**ADJUSTMENT FEATURES**  
Various adjusters to guarantee a bespoke fit and extreme comfort.

**NEW** Kasmira (50N)

Asymmetric front zip entry. Unique hidden waist adjustment that eliminates snagging.

- Sizes: J, S/M, M/L, XL
- Colours: ■ 2384-A ■ 2383-A

## Design & Fabric Technology

**TX20K**  
A highly durable 3 layer fabric for extreme waterproof protection. Delivers the ultimate in performance and comfort.

**ERGONOMIC DESIGN**  
Pre-shaped for increased flexibility and freedom of movement.

**EXTREME BREATHABILITY**  
Body water vapour is allowed to escape for greater comfort.

**TAPED SEAMS**  
Added strength and water resistance.

**GLIDESKIN NEOPRENE NECK & CUFF SEALS**  
Non irritant, high stretch for ease of donning and extreme water resistance

**HIGH WICKING**  
Moisture is efficiently absorbed away from the body for additional comfort.

**CURVED ZIP**  
The front zip curves around the body for freedom of movement when sailing.

To prolong the operational lifetime of your Drysuit, please follow the Care and Maintenance instructions detailed on our website [www.crewsaver.co.uk](http://www.crewsaver.co.uk)

## Design & Fabric Technology

**DX10K**  
Lightweight 2 layer fabric comprising a tough waterproof and windproof outer and a breathable layer with additional print lining for increased Durability and protection: MVP: 3,000/g/m2/24hrs; WP: 5,000mm.

**MICROFLEECE LINED**  
Additional comfort and warmth.

**EXTREME BREATHABILITY**  
Body water vapour is allowed to escape for greater comfort.

**FRONT ZIP**  
Quick and easy donning.

**REINFORCED WEAR AREAS**  
Provides additional strengthening.

**ERGONOMIC DESIGN**  
Pre-shaped for increased flexibility and freedom of movement.

**PU COATED NYLON**  
Lightweight yet durable water resistant fabric.

**100% WATERPROOF**  
Fully waterproof fabric with taped seams.

**ARTICULATED ELBOWS**  
Pre-shaped arms for increased freedom of movement.

**TAPED SEAMS**  
Added strength and water resistance.

Evoke

Highly flexible spray top with neoprene cuffs and full waist adjustment for a near waterproof seal.

Sizes: C, J, S, M, L, XL, XXL

Colours:  6670  
 6671

Spark

Lightweight entry level top suitable for recreation, general watersports.

Sizes: C, J, S, M, L, XL, XXL

Colours:  6676  
 6677

Effect

Medium weight semi dry top constructed using a waterproof soft feel fabric for excellent comfort. Also available in trendy ladies design & colours.

Sizes: C, J, S, M, L, XL, XXL

Colours:  6673  6674  
 6675 (Ladies – C, J, S, M, L)

Kawa

Lightweight top constructed from PU coated micro fleece for extra comfort and warmth, ideal for winter sailing.

Sizes: C, J, S, M, L, XL, XXL

Colours:  6645

See size chart on page 11

Path High-Chest Trousers

Lightweight yet hard wearing breathable trousers with adjustable ankles. Ideal for dinghy and keelboat sailing whether racing or cruising.

Sizes: J, S, M, L, XL

Colours:  6708  
 6709

One Piece Spray Suit

Lightweight yet durable construction suitable for general watersports.

Sizes: C, J, S, M, L, XL

Colours:  6570

Toki Tops & Leggings

Lightweight quick drying thermal base layers for added warmth in cold weather and with seamless underarms for unrestricted movement and supreme comfort.

- Sizes:** Child, Junior, S, M, L, XL, XXL  
Ladies 8, 10, 12, 14, 16

**Colours:** ■ 5720 Long Sleeve Top  
■ 5721 Leggings
- 5722 Ladies Long Sleeve Top  
■ 5723 Ladies Leggings

Moko Tops & Leggings

Lightweight yet durable neoprene thermal layers with micro fleece lining for added comfort and warmth. Suitable for use on their own or under spray clothing.

- Sizes:** Child, Junior, S, M, L, XL, XXL  
Ladies 8, 10, 12, 14, 16

**Colours:** ■ 5760 Microfleece Top  
■ 5762 Microfleece Leggings
- 5761 Ladies Microfleece Top  
■ 5763 Ladies Microfleece Leggings

# ThermaControl

Maximum versatility using combinations of product to meet your body's exact requirement. Result: the perfect body temperature, increased flexibility and optimum muscle performance.

## Design & Fabric Technology

- NEOPRENE**  
Extremely versatile synthetic rubber, highly flexible and insulating (number indicates thickness).

**POLYPROPYLENE**  
Lightweight yet durable soft feel fabric.

**MICROFLEECE LINED**  
Additional comfort and warmth.

**THERMACONTROL**  
Layers that create endless combinations for any weather conditions.

**HIGH WICKING**  
Moisture is efficiently absorbed away from the body.
- MUSCLE SUPPORT**  
Close fitting against the body for extra hold.

**FLATLOCKED SEAMS**  
Added comfort against the skin.

**ADJUSTABLE SHOULDERS**  
Offer increased comfort, flexibility and an excellent fit.

**USE WITH HIKING PADS**  
Compatible with Crewsaver hiking pads.

**NYLON/SPANDEX**  
Highly stretch fabric for extreme freedom of movement.

**REFLECTIVE PRINT**  
Retro-reflective print for added visibility.

# Trapeze Harnesses

Innovative designs combining lumbar support with full adjustability for supreme comfort and performance. Quick release hook options for personal safety available in all styles.

## Features

Description	Spreader Bar Harness	Plasma Spreader Bar Harness
Adjustable Lumbar Support	■	■
Heavy-Duty Seat	■	■
Heavy-Duty Sides	■	■
Stainless Steel Spreader Bar	■	■
Shoulder Knife Pocket	■	■
Snag Free Webbing System	■	■
Quick Release Option (O), Fitted (F)	F	O
Comes With Storage & Carry Bag	■	

### Spreader Bar Harness

Fully supportive harness with battened back and leg loops, ideal for ‘short wire’ trapezing. Adjustable leg, hip and shoulder straps. Adjustable lumbar support.

**Sizes:** Junior, S/M, M/L, XL

**With Quick Release Hook**

**Colours:** ■ 3118

### Plasma Spreader Bar Harness

Versatile harness ideal for all trapezing. Adjustable lumbar support.

**Sizes:** Junior, S/M, M/L, XL

**Without Quick Release Hook**

**Colours:** ■ 3112

**With Quick Release Hook**

**Colours:** ■ 3110

### Quick Release Hook

The quick release hook is available across the range and is designed to ensure a quick and safe release from the wire, without losing the hook on release. Quick release hooks provide an additional safeguard when on the wire. They allow a quick escape should you get tangled in rigging or preempting capsizes.

**Colours:** ■ 3109

# Luggage & Accessories

Crewsaver's luggage is made from heavy duty robust and rot resistant fabrics. Highly water resistant styles for shore to boat practicality.

Expedition Holdall

Heavy duty tarpaulin construction. Padded carry handles and shoulder straps.

- Colours:
- 6227-75 (75 Litre)

<ul style="list-style-type: none"><li>■ New heavy duty fabric for increased durability</li><li>■ Greatly reduce the risk of damage and injury caused by capsizing and sinking</li><li>■ Available in 9 or 40 litres of buoyancy</li><li>■ Designed in conjunction with sailing centres in both the UK and abroad</li><li>■ Only effective when correct buoyancy float is fitted, owners are responsible</li></ul>	
(Crewsaver Mast Floats do not guarantee to stop a boat inverting. The Mast Floats performance will be hindered by conditions of strong tide, wind or swell or incorrect safety procedure.) N.B. Not suitable for boats without anchoring points.	
10085	9 Litre
10086	40 Litre

**Customised Mark Buoys**

A complete personalised design service is available at Crewsaver. We can put your logo or lettering onto a buoy, providing the perfect form of advertising. Other colour buoys are available to suit requirements.

Previous commissions include beer cans, coffee jars and many others including swim marks for the Commonwealth Games.

Our standard range is also available in 7 colours to special order.
