

# Crewsaver<sup>®</sup> ISO OCEAN LIFERAFT

# Safety First

## Introducing the Crewsaver ISO Ocean Liferaft

It is estimated that every year hundreds of leisure crafts get into distress in open, coastal and inland waters. Among the most common incidents are fires, collisions or rogue waves: therefore it is essential you equip your vessel to ensure the safety of all on board.

It is for this reason Crewsaver has developed the Crewsaver ISO Ocean Liferaft. Aimed at complementing our already renowned lifejacket and lifesaving equipment range, the Crewsaver ISO Ocean is the ideal liferaft solution developed specifically for the leisure market. Manufactured to the same high specifications as all Crewsaver safety products, our new sleek, lightweight, compact container takes up little deck space. Meeting the stringent ISO9650-1 standard for inflatable liferafts, the Crewsaver ISO Ocean liferaft is one of the most robust and durable leisure liferaft available on the market today.

## Key Benefits

### Reassurance

- Thorough testing of all components used in manufacture gives us the confidence to provide an extended service period of 3 years
- Manufactured from long lasting corrosion and abrasion resistant PVC

### Dependable

- High volume water pockets to ensure maximum stability when inflated
- Simple to close canopy is manufactured to the highest SOLAS standards, providing added protection from the elements
- Semi-rigid boarding ramp allows for quick, easy and safe boarding
- Interior and exterior lifelines help occupants stabilise themselves during heavy seas
- Exterior pressure relief valves ensure excess CO<sub>2</sub> is not released into the liferaft
- Vacuum packed into corrosion resistant containers for prolonged durability

### Visibility

- Orange high visibility canopy & buoyancies, with retro-reflective panels to help speed up the search and rescue process
- Canopy fitted with internal and external strobing light to ensure optimum visibility

### Flexible

- Available in two packaging options - a weather proof valise or a tough, lightweight container

### Compact

- Revolutionary container design, developed in conjunction with an award-winning design house, is not only aesthetically pleasing but lightweight and compact taking up little deck space
- New design features include handles to ensure ease of maneuverability and a document holder to allow the inclusion of important certificates and servicing documents

# Premier Watersports Equipment

Crewsaver is the UK's leading lifejacket and watersports equipment manufacturer, founded in Gosport, England in 1957. Our continuous improvement both in product performance and manufacturing technology has seen us gain a worldwide reputation for quality and reliability in both leisure and commercial sectors.

Our design and production team are constantly developing our ranges, locating the latest in advanced fabrics and ergonomic tailoring to ensure that when you buy Crewsaver you buy up to the minute technology and performance, blended with style and functionality.

Crewsaver continues to be recognised as the premier lifejacket brand and its products have been adopted by many prestigious institutions such as the RNLI, MoD and Emergency services. Crewsaver Lifejackets are also considered by many as an industry leader, setting the standard for lifejackets across a diverse range of commercial sectors.

Our leisure liferaft range is developed to the highest standards of research, design and manufacture making it an essential piece of equipment for any yacht to ensure the safety of all on board.

Crewsaver forms part of the Survitec Group of companies, has a strong international presence and is distributed in 53 countries. Commanding market leading positions worldwide in marine, defence and aerospace survival technology, the Survitec Group brings together best-in-class brands with reputations for quality design and innovation.

With a vast servicing network of over 700 Survitec Group approved stations supporting our products worldwide, we can ensure customers have access to a servicing facility anywhere across the globe.
