

Crewsaver®  
PHASE 2

# SAILTRAIN HIKE RACETACK GYBE

## DESIGN AND FABRIC TECHNOLOGY

BS EN ISO 12402-5

### ISO 12402-5

Approved to the latest BSEN ISO regulations.

### BUOYANCY CATEGORY

The level of lift a Personal Flotation Device (PFD) gives a body in the water.

### NYLON

Durable, lightweight and water resistant fabric.

### SUPERSOFT FOAM

Soft 3D foam, shaped to your body for extreme comfort.

### EXTREME BREATHABILITY

Body water vapour is allowed to escape for greater comfort.

### NEOPRENE

Extremely versatile synthetic rubber, highly flexible and insulating.

TAPED SEAMS

### TAPED SEAMS

Added strength and water resistance.

GLIDESKIN NEOPRENE NECK & CUFF SEAL

Non irritant, high stretch for ease of donning and extreme water resistance.

HIGH WICKING

### HIGH WICKING

Moisture is efficiently absorbed away from the body for additional comfort.

CURVED ZIP

### CURVED ZIP

The front zip curves around the body for freedom of movement when sailing.

ADJUSTMENT FEATURES

### ADJUSTMENT FEATURES

Various adjusters to guarantee a bespoke fit and extreme comfort.

UV50+

### SUN PROTECTION

Sun protection factor of UV50+.

C = code S = size F = fabric

The Crewsaver Phase2 dinghy range provides a fresh new look to sailing gear, produced especially for you and the sailing you do.

Our design team have developed key features that considerably advance performance and comfort. The range includes wrap around Pro Hiking Pads for the ultimate in flexibility, comfort and protection.

The Phase2 Buoyancy Aid is shaped with a low profile waist cut out and neoprene side panels giving an exceptional, highly comfortable fit.

A step above your average sailing kit - you won't want to go on the water without it.

## ROLL TACK
